

# Ekosanitaatio

Suomessa ja maailmalla

yliohjaaja Harri Mattila  
Hämeen ammattikorkeakoulu

- ekosanitaatio on vahvasti esillä alan kansainvälisissä konferensseissa  
[www.iwahq.org](http://www.iwahq.org)

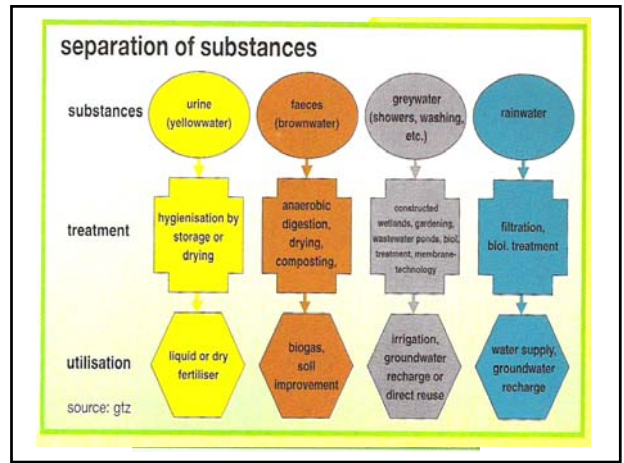

- ekosanitaatiota ei Suomessa juuri käsitellä

Kuivat ajanjaksot ovat osoittaneet, että vanhanaikaiselle huuhtelukäymälälle pitäisi kehittää yhä parempia vaihtoehtoja – Suomessakin!

### HUBER TECHNOLOGY

#### HUBER Solutions for Decentralized Wastewater Treatment and Reuse

Invest scarce money rather into **wastewater clarification** than into wastewater transport through sewer systems. Decentralized wastewater treatment is wastewater treatment at source.

- Municipalities of developing and newly industrializing countries
- Rural municipalities
- Mega cities with evolved structures
- Housing estates, development areas
- Industrial undertakings, business establishments
- Hotel complexes
